Clean Energy

February 3, 2005

State of California-Gen Svcs
1416 10th Street, 2nd Floor
Sacramento, CA 95814-6422

Dear Customer:

Clean Energy appreciates your Natural Gas business and looks forward to serving you in the future. Our company recently evaluated our billing systems and decided that it would be better for our customers and more cost effective for the company to subcontract billing to an outside business. On March 1, 2005, we will be turning off your *Clean Energy Account*, but don't worry because there are two convenient options that will allow you to fuel your Natural Gas Vehicles just like today.

Visa/MC are now accepted at our pumps for commercial fleets and retail customers. Next time you fuel, use either credit card and listen to the three minute training video on the dispenser's video screen. A two-digit training identification number will be assigned to your specific credit card after you complete the training. The next time you fuel with that credit card, you will be asked to punch in your two-digit number. If you forget, don't worry, you can retake the video course and receive a new two-digit number.

If you have any questions, please do not hesitate to contact me at (415) 337-0520. Again, thank you for your business and we look forward to serving you.

Sincerely,

Doug Cameron
Account Manager
